

Sustainable Competences  
in Higher Education.

‘SustainComp Curriculum’

SustainComp

What will you do in the COIL?

- Speak in English
- Read and write down ideas in English
- Share and discuss ideas in English with people from abroad
- Work on tasks and cooperate with people in international teams.

# How to get ready for the COIL?

- Will my English be good enough?
  - Do not judge one another's language use!
- Will other students understand me and will I understand them?
  - Do not be afraid to speak, use Google translator, use chats to write down what you cannot say in words, the comfort of online environment

How will online work in international teams help me?

- **You will:**
  - improve your English language skills
  - understand the connection between the local and global issues related to gender issues and gender inequality
  - understand what other students think about the topic
  - learn to relate to other people's perspective, to analyze and interpret ideas, and provide suggestions for change and improvement

THANK YOU
