Beneath you can find some supporting questions that may help you reflect on the presenter's/presenters' performance... (Write some lines for each category)

	😊	😐	😞	?!
Introduction: How well is the topic in the didactic design introduced to enhance the learners' noticing skills?				
Taxonomy: Has the theory behind the criteria been thoroughly integrated into the lessons? Is there a clear progression in the didactic design? Is there a balance between theory and practice in the didactic design? Is it visible how and where/when the learners are developing their intercultural competences (hereby 21st century skills as well?) Is the planning structured methodologically? (5e model and/or the cycle model of intercultural learning)				
Formalities: Are relevant references, information provided?				
Oral presentation performance?				

Sum-up by listing three points that the presenter masters/presenters master and two points that could be improved:
